Committees

Website needs upgrade. Steve Hirsch and Lee Litwiniec both recommend this as important. Estimated cost is \$100/month for driving traffic to the site. Consensus among group is that this is a good expenditure for our dues. We will investigate and bring ideas to next meeting.

Community Appearance: Complaints from runners' group which ran in DeLeon Springs over holidays about trash along running route, no water, first aid for runners. Tom Maier brought this to the group's attention. He suggested we investigate sponsoring the run next year so that we give a good impression of our town. We will place this on our June agenda. He also has a fun website, www.deleoninquisitioner.com, in which he promotes our town. He will accept information about your special events. His contact info is tmaier@intergate.com and his phone is 985-4557.

Membership: Bob Brooks passed around a brochure for editing that will be printed by EO Painter here for free.

Projects: Rose spoke about how fun and meaningful the Christmas decorating and Santa events were. She invites everyone to become more involved.

Community Fair: Prior date of Feb 12 is just coming up too quickly. Agreed to meet again on January 25 to plan an event in the month of April. Discussed farmers market, selling booths, health dept, garden club, yard sale, location.

Utility Task Force-meeting for property owners on January 20 at United Methodist Church at 7 pm.

New Business: Crime tips were shared. All Citizens on Patrol cars stop at 10 pm, all break ins seem to be happening after that time. Watch out for loitering people or those who walk by frequently or talk on phone on street, sometimes they work in pairs. Watch out that you don't throw out trash that advertises an expensive new purchase. Do we want a neighborhood watch?

Next Planning Meeting: January 25 at 9 am to discuss April Community Fair.

Next Monthly Meeting-February 8 at 9 am for coffee, 10 am for business.

Respectfully submitted,
Laura Strawn, Secretary
DeLeon Springs Community Association
